DESCRIPTION

REINFORCED FOUNDATION with 45 TWELVE-INCH CONCRETE PIERS!
Motivated Seller! Step into a newly built, magazine-worthy Custom Retreat where thoughtful engineering meets elevated style with Richland-Chambers Lake across the street. Welcome to a modern country smart home that pairs head-turning style with rock-solid engineering. A gorgeous pivot steel door swings open to welcome you onto white-oak wood floors and sight-line picture windows, while spray-foam insulation, 45 twelve-inch concrete piers, and underground drainage quietly protect the structure. The chef's kitchen centers on a marble island wrapped in color-changing LEDs, a 36-inch dual-fuel range with six burners, convection microwave, Café tub dishwasher, quartz perimeter tops, and a hidden pantry finished in quartz counters inside. Those LEDs echo around the living-room TV above an electric fireplace set into a porcelain accent wall. A two-stage high-efficiency HVAC keeps the climate weather perfect. Upstairs, a blackout-ready great room hosts a 55-inch screen and a built-in quartz bench; every room is wired with coax, and cat-6 with Ethernet upstairs in office game room. The outdoor living with kitchen and a 55-inch patio TV, sound-bar, subwoofer, dimmable can lights, and a fire-pit invite star-lit gatherings. A manifold system offers instant whole-house water shut-off, a tankless heater provides endless hot water, and Wi-Fi cameras watch the perimeter. Fridge, and wine cooler are ready for your use. Just move on in and enjoy your dream home and write your next chapter.
