## DESCRIPTION

Final Opportunity in well sought after Saddle Star Estates! This beautiful one-story design offers spacious living with a surprise twist. At the center of the home, the kitchen showcases an oversized island positioned toward a wall of windows, offering sweeping views of the greenbelt behind the home. The open layout flows seamlessly into the main area and outdoor patio. Three secondary bedrooms are located on one side of the home, while the study and private primary suite sit on the opposite side for comfortable separation of space. The primary suite includes a generous closet with a convenient pass-through to the laundry room for added functionality. With limited homes remaining, this is a rare opportunity to secure a beautifully designed single-level home in a peaceful greenbelt setting. A true three car side J-swing garage. Giving you the ability to showcase your home and not the garage. Will not last.
