DESCRIPTION

Step into next level style with this just completed 5-bedroom modern farmhouse that's anything but basic. From the moment you walk in, it's clear: this is where sleek design meets effortless luxury. Think soaring vaulted ceilings, exposed wood beams, and walls of glass that flood every inch with natural light. Wide-plank hardwood floors lead you into a dream kitchen built to impress ...oversized quartz and marble surfaces, a waterfall island, built-in coffee bar, walk-in pantry, and a full suite of pro-grade stainless appliances, including a commercial vent hood that means business. Grab coffee in the breakfast nook, or entertain like a pro in the open-concept living space, all under custom designer lighting that sets the mood. The primary suite is downstairs and dialed in with spa vibes...think luxury finishes, refined stone, and a layout that balances comfort with quiet sophistication. Upstairs? You've got options: a game room, media room (or make it a 5th bedroom), and more room to roam. Outside, the large backyard is ready for your vision.. pool, fire pit, garden.. it's your move. Add in a 2-car garage, and you've got the complete package. Modern. Clean. Bold. Ready to make a statement. **Staging furniture can be sold with the property as well for an agreed price.
