DESCRIPTION

Completely renovated showstopper with true mid-century vibe in a prime North Dallas location within sought-after private school corridor. From the striking exterior to the thoughtfully redesigned interior and resort-style backyard, this home impresses at every turn. No detail was overlooked with all major systems replaced, including new roof, new water and sewer lines, tankless water heater, new electrical panel, and new HVAC. The home features open-concept living and dining plus a versatile flex room perfect for an additional living area, media space, or home office. Now for the highlights—an all-new chef's kitchen with oversized quartz island, high-end appliances, custom cabinetry, and an expanded walk-in prep pantry with built-in serving and storage space, ideal for entertaining. Beautiful 2¼ oak flooring flows throughout, complemented by curated retro lighting that preserves the home's mid-century character while delivering modern comfort. The primary suite is a private retreat with spa-inspired design, terrazzo tile, and a large walk-in shower. All 3.5 bathrooms have been completely updated. A thoughtful layout includes a split second suite ideal for guests or multi-generational living. This is not a standard renovation—every space was designed with personality, warmth, and intentional flow.
