DESCRIPTION

The Burnet makes a lasting first impression with a stunning exterior showcasing light brick, Country French stone, and cedar accents — curb appeal truly in a class of its own. Inside, soaring family room ceilings, an elegant curved staircase, and a modern center fireplace set a tone of refined grandeur. Sliding glass doors blur the line between indoor and outdoor living, while warm light wood floors add rich character throughout the first floor. The chef's kitchen impresses with a striking green-painted island, light-stained cabinetry, and crisp white quartz countertops. The primary suite is a private sanctuary with a freestanding soaking tub, oversized shower, and his-and-hers closets. Upstairs, a dedicated media room and fourth full bath add flexibility. An upgraded tech and lighting package rounds out this exceptional home, nestled in a boutique, hilly community with low HOA dues.
