DESCRIPTION

Luxury Live Auction! Bidding to start from \$925,000.00! Tucked into a quiet cul-de-sac in the coveted Juniper Ridge community, this home is a rare modern masterpiece that was conceived in dialogue with its surroundings. At over 4,550 square feet across three deliberate levels, every room is a new chapter, and every window is a painting. Step into the first floor and the forest greets you. Soaring windows flood the living spaces with filtered, golden light that changes hour by hour as the canopy shifts. Earthy finishes echo the landscape just beyond the glass, creating an experience that intentionally blurs the line between inside and out. Ascend to the second level and the space transforms. Rolling hills unfold before you as the tree line gives way to open sky — visible from the dedicated home study, the stunning primary suite, and the secluded master balcony off the primary bathroom. A private perch designed for mornings with coffee and evenings with wine, with views that cost nothing and give everything. The third-level crow's nest is unlike anything else in Cedar Hill. From this vantage point, the landscape opens fully to undulating hills of Cedar Hill State Park, some views of Joe Pool Lake, and on clear days, the distant skyline of downtown Arlington. The home sits on over an acre of lightly wooded, private land — a rarity at this price point in the DFW metroplex. 5 spacious bedrooms, 4.5 bathrooms room provide room for family and guests alike. The lot offers privacy, quiet, and a genuine connection to nature that is unparalleled to anywhere else in DFW. Minutes from Joe Pool Lake recreational trails, Cedar Hill State Park, the Cedar Hill Golf Club, and quick highway access to Dallas and Fort Worth — this address offers the serenity of the country with the convenience of the city. If you have been searching for the home that feels genuinely different — because it was genuinely designed differently — your search ends here.
