DESCRIPTION

Built by Shaddock Homes, this NEW CONSTRUCTION luxury home with thoughtful design on one third of an acre on a corner lot. The Hallsville Floorplan provides a beautifully designed home with a perfect balance of comfort and style. The open space features high cathedral 17' ceilings, and modern features like quartz countertops, built-in appliances, and a sleek 42" gas fireplace make it an inviting environment. The combination of flooring choices, from white oak engineered wood in the main living areas to plush carpet in the bedrooms and game room, adds to the cozy atmosphere. The master suite, with its spa-like bathroom featuring a freestanding tub and abundant storage, provides a true retreat, while the seamless flow between spaces like the mudroom and hallways contributes to an open and airy feel. The white cabinets paired with the iron ore-painted kitchen island create a striking contrast, giving the kitchen a modern and sophisticated vibe. This home is the perfect blend of function, elegance, and comfort—ideal for both relaxing and entertaining.
