DESCRIPTION

Set behind the gates on more than an acre of tree-backed land, this brand-new custom home delivers a rare blend of privacy, luxury, and peaceful design within highly rated Mansfield ISD. Double iron glass entry doors open to light-filled living spaces finished in soft beige neutrals and warm textures, creating a calm, elevated atmosphere built for everyday comfort. The open living area is anchored by a striking fireplace and expansive sliding doors that lead to a huge covered patio and pool, where mature trees provide added serenity and seclusion. At the heart of the home, the chef's kitchen combines beauty and performance with an oversized quartz island, custom cabinetry with built-in spice racks and utensil storage, a ZLINE luxury oven and cooktop, a massive walk-in pantry, and an oversized built-in refrigerator—ideal for gathering, hosting, and daily living. The private primary suite offers dual sinks, a dedicated vanity, a soaking tub, and a spa-inspired layout, along with convenient access to the laundry room featuring cabinetry and folding space. Thoughtful flexibility continues with a private office, a large window-lined dining area, three bedrooms on the main level, and a spacious upstairs bedroom with a full bath—perfect for guests or multigenerational living—plus a side-entry two-car garage and intentional custom craftsmanship throughout. Located in a secure gated community offering both tranquility and convenience, the home provides quick access to Fort Worth, major highways, shopping, and dining while maintaining the quiet privacy of acreage living. Opportunities to own a brand-new custom home with this level of finish, land, pool, and school zoning are rare, making this a standout choice for buyers seeking refined yet relaxed luxury.
