DESCRIPTION

Bold modern design meets effortless livability in this brand-new custom home set on more than an acre within a gated community in highly rated Mansfield ISD. Striking black-and-white tones, warm wood accents, and clean architectural lines create a refined first impression, beginning at the double iron glass entry and continuing into expansive, light-filled interiors designed for both everyday comfort and elevated entertaining. A porte-cochère with expansive parking enhances both convenience and curb appeal, while the rear-facing two-car garage preserves the clean front elevation and thoughtful approach. The open living space flows seamlessly to a huge covered patio with an outdoor kitchen and pool, delivering true indoor-outdoor living with room to gather, relax, and unwind. At the center of the home, a showpiece kitchen blends style and function with an oversized quartz island, custom cabinetry featuring spice racks and utensil storage, a ZLINE luxury oven and cooktop, a massive walk-in pantry, and an oversized built-in refrigerator. A window-lined dining area and private office add versatility, while the single-story layout offers multiple ensuite bedrooms and a convenient half bath near the primary suite—designed for comfort, privacy, and easy daily living without stairs. The primary retreat provides a spa-inspired escape with dual sinks, a dedicated vanity, and a soaking tub for quiet relaxation, complemented by a large laundry room complete with cabinetry and folding space. Intentional custom craftsmanship, generous outdoor living, and the privacy of acreage complete the experience. Blending modern elegance, functional design, and resort-style outdoor living in a secure, sought-after setting, this is a rare opportunity to own a newly built luxury home where every detail feels considered and every space feels calm, open, and ready to enjoy.
