DESCRIPTION

Fresh updates, timeless character, and big-ticket improvements that let you settle in with confidence. This 4-bedroom, 2.5-bath Richardson home blends eye-catching design details with smart upgrades that help you sleep easy at night. From the moment you arrive, mature trees and a crisp painted brick exterior create an inviting first impression. Inside, rich laminate flooring, dramatic wood ceiling beams, and an open flow between the kitchen and living spaces give the home a comfortable, connected feel. The electric fireplace adds a modern focal point to the living room, creating the perfect backdrop for quiet evenings or lively gatherings. The kitchen is highlighted by exposed wood beams and a skylight overhead that fills the space with natural light, complete with electric blind open-and-close functionality. Granite countertops, two pantries, updated appliances including a new dishwasher and cooktop in 2025, and generous prep space make this kitchen as functional as it is welcoming. The primary suite offers dual closets for extra storage and organization and a jetted tub and walk-in shower, while all-new ceiling fans throughout the home add comfort and style in every room. Built-ins in the utility room create practical everyday convenience, and the enclosed sunroom offers flexible space for morning coffee, workouts, hobbies, or a second living area overlooking the backyard. Many major systems have already been addressed. A brand-new roof, all new sewer plumbing lines, a new electrical panel, new bedroom carpet, and a hot water heater replaced in 2024 provide valuable peace of mind and help protect against costly repairs for years to come. Outside, the spacious and newly landscaped yard is ready for weekend barbecues, pets, gardening, or simply enjoying a quiet Texas evening under the trees. Plus, with two parks nearby and easy access to shopping, dining, and commuter routes, this Richardson location keeps daily life connected and convenient.
