DESCRIPTION

Better than new, beautifully completed, and impeccably maintained. Positioned on a premium oversized corner lot, this over 4,100 square foot residence presents a level of finish, flexibility, and presence that feels intentional from the moment you arrive. Inside, architectural scale sets the tone. Soaring ceilings, a sweeping curved staircase, and expansive windows create light-filled living spaces that feel both refined and welcoming. The kitchen anchors the main level with generous proportions and effortless flow into the living area, creating an environment designed as much for everyday living as it is for hosting. The layout is where this home quietly sets itself apart. A dedicated office offers privacy on the main floor. Upstairs, an expansive game room with dry bar and a private media room form a true retreat, thoughtfully separated from the primary suite below. A versatile bonus room with built-ins and a Murphy bed adds flexibility that adapts with ease. Outdoor living is equally considered. The covered patio extends to a fully equipped outdoor kitchen, while the oversized yard offers room to entertain, unwind, and enjoy the open space that is increasingly rare at this level. Epoxy-finished garages, finished attic storage, curated lighting, and a cohesive, move-in-ready presentation reflect careful investment throughout. Select furnishings, refrigerators, washer, and dryer are negotiable for a streamlined transition. Without the wait, the lot premium, or the upgrade invoices.
