Judge Fite Company

4128 DRUID LANE

UNIVERSITY PARK, TX 75205

\$2,195,000

4,093 sqft

5 beds

6 baths

DESCRIPTION

Newly priced and ready for its next chapter. If you've been waiting for the right home in Highland Park, this is your moment. Nothing currently on the market in HPISD at this price point comes close to this level of construction quality and high-end finish out. This is a custom, no-compromise single-family attached home on Druid Lane, a quiet one-way street just steps from Highland Park High School, with exceptional walkability to the shops and restaurants of Lovers Lane. Every detail was thoughtfully selected, and it shows the moment you walk through the door. A light-filled entry and open floor plan set the tone immediately. Wide-plank white oak floors, abundant natural light, and designer finishes throughout. The chef's kitchen is built for both everyday living and entertaining: a 48-inch Wolf range with six gas burners and double ovens, ventless Vent-A-Hood, Wolf microwave, Sub-Zero refrigerator, custom cabinetry, and quartz countertops. The dining and living areas flow seamlessly from the kitchen, anchored by a fireplace and Windsor sliding doors that open to outdoor living. The first floor offers a flexible guest suite, currently configured as a private office with an ensuite bath, easily converted to a true guest bedroom by reconfiguring the shelving into a closet. A striking floating staircase leads to the second level, where two additional ensuite bedrooms flank a primary suite that feels like a five-star retreat: dual vanities, European fixtures, porcelain tile, an oversized walk-in closet, and towel warmers. The third floor adds another ensuite bedroom plus two versatile living spaces. A large storage area off the game room opens into attic space, offering abundant storage. Built to last: fully encapsulated foam insulation, Jeld-Wen windows, and 2x6 construction throughout. Two-car attached garage. No HOA. The finish level is unmatched. And at this new price, this is the most compelling value in HPISD. Come see it before it's gone.
