DESCRIPTION

Welcome to sophisticated modern living in desirable Inwood Park. This striking Scandinavian inspired residence features a distinctive exterior of stucco, stained wood, and architectural screen paneling complemented by a showcase garage. Inside, clean lines and contemporary finishes define the space, including diamond-polished concrete floors on the first level, hardwood floors on the second, museum-polished walls, floor-to-ceiling glass, designer and recessed lighting, smart home features, and soaring 10-foot ceilings. The open-concept first floor seamlessly connects the living, dining, and kitchen areas. The kitchen is thoughtfully designed with quartz countertops, sleek low-profile custom cabinetry, and stainless steel appliances. Upstairs, two spacious bedroom suites each offer private baths and are separated by a central study or second living area for added flexibility. The primary suite showcases a spa inspired bathroom with a double walk-in shower, floating cabinetry, and an impressive custom closet. A guest bath featuring a freestanding soaking tub adds to the home's luxurious feel. The outdoor space is equally impressive with synthetic turf surrounding a heated smart pool and spa featuring PebbleTec finish, fountains, LED lighting, and a Sonance outdoor sound system perfect for relaxing. Ideally located just minutes from Inwood Village, Highland Park Village, and Love Field Airport, this home offers a perfect blend of modern design, comfort, and convenience.
