DESCRIPTION

Built by Fourlight Custom Homes, this 4-bed, 4.5-bath residence blends artistry and comfort in every detail. From the moment you arrive, upgraded brick and stone, Hardie siding, and cedar porch ceilings set a welcoming, timeless tone. Inside, hand-scraped wood floors and soaring floor-to-ceiling Andersen windows pair with a high-efficiency Lennox system and spray-foam insulation to create a home that's as energy-smart as it is beautiful. The grand living room, crowned with 12-foot ceilings and a wood-burning (gas-assist) fireplace, invites gatherings of every size. Sunlight pours through the windows and flows into the dining area and chef's kitchen, where a Thermador built-in refrigerator and freezer, quartz countertops, soft-close cabinetry, and an expansive island inspire both quiet mornings and lively dinner parties. Behind it, a walk-in and butler's pantry offer abundant countertop space and built-in cabinet storage galore, keeping everything organized and out of sight so the main kitchen stays pristine. A glass-walled study with custom built-ins provides a serene spot for work or reading, while a game room with dry bar and media space sets the stage for fun. Throughout the home, pre-wired sound and data drops mean you're ready for today's tech and tomorrow's upgrades. The private primary suite is a true retreat, with spa-style bath featuring quartz counters, a steam shower with rain head and body sprays, a freestanding soaking tub, and a custom walk-in closet. Each secondary bedroom enjoys its own ensuite bath, ensuring comfort and privacy for family or guests. Step outside to a large covered patio with cedar ceilings, wood-burning (gas-assist) fireplace, and a built-in grill—perfect for year-round entertaining or quiet evenings under the stars. A water-softener system and three-car garage add everyday ease. Make this gem your new home today!
