DESCRIPTION

Custom built by V. Patrick Gray, this remarkable Estes Park home blends thoughtful design with timeless craftsmanship. With 5 bedrooms including both the primary suite and a guest suite downstairs, plus 3 spacious bedrooms upstairs, this layout offers exceptional flexibility. A formal study with double doors provides a quiet workspace, while the living room, previously a formal dining room, is one of several spots for gatherings. A family room and a game room downstairs (big enough for a golf simulator) create perfect spaces for relaxation and entertaining, complemented by an upstairs media room, a 2nd game room, and a bonus room ideal for a gym, or craft space. Solid construction and exposed wood beams bring warmth and character to the tall ceilings. The home has been freshly painted throughout and features an updated kitchen with quartz countertops, subway tile accented by marble backsplash, dual islands and sinks with updated faucets, a large pantry, warming drawer, and gas cooktop. Wood floors in the formal areas were replaced in 2025, and the primary bath offers refreshed paint, updated hardware and lighting, and a frameless glass shower plus a spacious closet. Enjoy year-round outdoor living with a covered patio featuring a fireplace and shaded grilling station overlooking the spa and diving depth pool. The motor court and circular drive offer ample parking for family and guests and great spaces for riding toys. Situated on a corner lot siding to a quiet street with only three homes, you'll love the friendly cul-de-sac feel where kids gather to play. Walk across to the park or wander to one of two nearby ponds to fish. Recent updates include full interior paint, carpet, water heaters, pool equipment, and upgraded media room AV systems. Perfectly located minutes from Highway 114, Town Square, DFW Airport, and Lake Grapevine, this beautifully maintained home combines comfort, community, and convenience in one exceptional package. Go Dragons!
