The spacious primary suite features dual closets, while the remodeled primary bath has separate vanities, a skylight, frameless glass shower, and garden tub. A beautifully updated Jack-and-Jill bath connects the secondary bedrooms. Major updates include remodeled kitchen and baths, updated PVC plumbing, newer appliances, new interior paint and lighting, Roof Maxx roof rejuvenation treatment, 2 water heaters (one replaced in February 2026). The home also features 30 fully paid solar panels, keeping the average electric bill around \$130 per month.
