## DESCRIPTION

A STUNNING POOL, FREE SOLAR PANELS, AND ROOM FOR EVERYONE - what more could you ask for? This beautifully maintained 5 bed, 3.5 bath home delivers the complete package with an open floor plan, soaring two-story ceilings, and an abundance of natural light that makes every room feel bright and welcoming. The gourmet kitchen is a true showstopper - quartz countertops, white cabinetry, a large center island with sink, gas cooktop, and SS appliances. The sunny breakfast nook overlooks the pool and backyard - a view you'll never get tired of. The spacious family room with fireplace flows seamlessly into the kitchen — built for easy living and effortless entertaining. The primary suite on the main floor is your personal escape, featuring a generous walk-in closet and a beautifully ensuite bath. A dedicated home office downstairs offers the perfect work-from-home setup. Upstairs, a large media, game room and four additional bedrooms - including two with a Jack & Jill bath - provide all the space your family needs. Outside, your private backyard oasis awaits — a gorgeous pool and hot tub with water features, an expansive 12x70 covered outdoor living area, and beautiful mature landscaping. Whether you're hosting a crowd or enjoying a quiet evening, this backyard delivers. And here's the bonus most homes can't offer — a brand new roof replaced in 2025, fully paid-off solar panels, and a whole-home water softener system, all conveying to the buyer at no cost. Seller pays off any remaining solar balance at closing. Lower electric bills, better water quality, and total peace of mind — starting day one, absolutely free. Just steps from Tibbals Elementary, sought-after Wylie ISD, with easy access to Plano and the GBTP corridor — this is a location that works as hard as the home itself.
