DESCRIPTION

An iconic residence on historic Elizabeth Boulevard, set on an expansive lot in the heart of Ryan Place. Originally constructed in 1911, this remarkable home was masterfully remodeled in 2021 with all-new plumbing, electrical, foam insulation, tankless water heater, and HVAC—combining timeless architecture with modern comfort. From the inviting wraparound porch, an oversized front door opens to a grand foyer and exposed staircase, setting the tone for the home's character and craftsmanship. High ceilings, large-scale rooms, and abundant natural light highlight the exceptional design and top-tier finishes throughout. The formal living room centers around a restored fireplace featuring original Batchelder tiles and flows seamlessly into an impressive dining room that comfortably seats sixteen. The gourmet kitchen opens to the family room, creating the perfect setting for everyday living and entertaining. Upstairs are five bedrooms, including a luxurious primary suite with marble floors, a walk-in shower, dual vanities, and a spacious closet. The fifth bedroom and bath were thoughtfully added on the third floor, offering a private retreat for guests or a home office. The finished basement—with old Chicago brick walls and rich wood floors—adds yet another layer of charm and functionality. Located on one of Fort Worth's most historic streets, this Elizabeth Boulevard residence offers timeless character and modern luxury—just minutes from the city's best dining and shopping.
