DESCRIPTION

Welcome to this stunning 4-bedroom, 3 full and 2 half bath home nestled on a coveted corner lot in the highly sought-after Woodbridge community of Sachse. Backing to a protected greenbelt with no future construction, this nearly 4,000 square foot home offers rare, unobstructed views and permanent privacy that simply cannot be replicated. One of the few builder plans in Woodbridge where the primary suite and main living area are positioned at the back of the home — maximizing greenbelt views and creating a true sense of retreat from the moment you walk in. Designed for both comfort and entertaining, the open floor plan flows seamlessly to your private backyard oasis complete with a sparkling pool — the perfect retreat for Texas summers. Upstairs you'll find generous secondary bedrooms, a game room, and media room, while the main level offers a spacious primary suite and flexible living spaces filled with natural light. Priced to reflect the opportunity to remodel and customize to your taste, this home offers exceptional bones, a floor plan that works, and a setting that cannot be duplicated. Residents enjoy resort-style community amenities including pools, tennis courts, golf, and an active social calendar — all within minutes of major highways, top-rated Wylie ISD schools, and premier shopping and dining. This is a rare opportunity to own one of the largest homes in Woodbridge with a pool, greenbelt backing, and prime corner positioning — a combination virtually impossible to find in today's market.
