DESCRIPTION

Stunning in its design and practical in its livability, this Sparkman Club gem is 3,213 square feet of unique character and smart updates. With 5 bedrooms, 3 bathrooms, and multiple living and dining spaces both indoor and out, it's a host's dream with the perfect combination of open flow + defined spaces - allowing for easy entertaining and private, comfortable living. Double height entry and nearby cathedral ceiling greets you, anchored by large windows overlooking front yard and circle drive. The open, completely updated, eat-in kitchen features both an island and long peninsula with bar stools and plenty of beautiful mixed material countertops (quartzite, butcher block and quartz!). Open shelving highlights the dramatic, ceiling-height green tile, and all appliances are 2023 or newer. Second living area off kitchen is cased in venetian plaster, with a dry bar, iron spiral staircase, skylight and glass block windows adding to the cozy and private feel. Downstairs also features large bedroom or study, with full bathroom (updated in 2026) and oversized utility room off the attached, 2-car garage. Two separate, architecturally significant staircases lead upstairs to 4 additional bedrooms plus a large storage room. The primary suite is oversized and glamorous with a beautiful mural-like wallpaper feature wall, epic recessed ceiling dome, huge walk-in closet with trifold dressing mirror, and a completely updated primary bathroom with walk-in shower, separate bathtub, double vanity, and separate water closet with bidet. Outside you'll find two separate covered porches - allowing for outdoor enjoyment in all seasons. West-facing side patio includes a wood-burning rock fireplace and roomy side yard with a quaint rock gate entry. North-facing back patio is even larger, with plenty of room for outdoor living and hosting. Don't miss the large storage room behind the backyard barn door. 2025 HVAC; 2024 Water Heater. One block from Sparkman Club and Northaven Trail!
