DESCRIPTION

Zoned to highly sought after Lakewood Elementary School and set on a quiet interior street in the heart of one of Dallas' most enduring neighborhoods. White Rock Lake is just minutes away, with the Lakewood strip and Lower Greenville close by, and Mockingbird within easy reach yet the block remains genuinely quiet, a balance that's hard to find. The home was taken down to the studs and thoughtfully rebuilt with a focus on quality and longevity. New plumbing throughout and to the street main, all new electrical, entirely new HVAC with updated ductwork, and spray foam insulation provide a level of efficiency and comfort rarely found in homes of this area. Inside, the finishes are clean and elevated with Thor appliances, quartzite countertops, natural white oak cabinetry, wide plank wood floors, and a stucco fireplace that anchors the living space. The floor plan was opened and redesigned to create a natural flow for both daily living and entertaining. People are drawn to Lakewood for the lifestyle and sense of place. Homes like this are what make them stay.
