## DESCRIPTION

Architecturally significant Bud Oglesby-designed townhome in an exclusive boutique 4-unit community near Katy Trail and Cole Park. Opportunities to own in this coveted enclave are exceedingly rare, with only one other residence offered for sale in the past 20 years. This highly desirable west-end unit is filled with natural light and features a beautifully landscaped private front entry and exceptional courtyard, arguably the finest in the complex, enhanced by professional landscape lighting in the front and back courtyard spaces. Inside, dramatic 14-foot ceilings create a striking sense of volume anchored by a floor to ceiling brick fireplace, while a breathtaking two-story wall of glass seamlessly connects the interior to a modern, private patio, an exceptional backdrop for elegant entertaining or intimate evenings. The updated, current kitchen is thoughtfully designed with quality appliances and modern finishes, blending style and functionality. Additional highlights include two private balconies, an all-brick exterior, and the premium advantages of an end unit offering superior light and privacy. Upstairs, the second level offers two generously sized bedrooms, both with peaceful views of mature trees that create a serene, retreat-like atmosphere. The primary suite features a custom closet system, abundant storage with two large closets, and a well-appointed bath with spa style shower, providing both comfort and functionality. With no HOA and timeless architectural pedigree, this is a rare opportunity to own a truly distinctive property in one of Dallas' most sought-after locations.
