DESCRIPTION

Set on a premium greenbelt lot near the trailhead in Point Vista, this home offers a level of privacy and outdoor living that is rarely available. The backyard feels like a private retreat, with a resort-style pool and spa, jellyfish lighting, fire features, expansive decking, low maintenance artificial turf, and a covered patio complete with outdoor kitchen, Sonos surround sound, motorized screens, and overhead heaters designed for year-round use, plus a dedicated wellness area featuring an infrared sauna and cold plunge. Inside, the home balances clean design with elevated finishes. Hardwood floors run throughout the main living areas, and the open kitchen is striking with custom cabinetry to the ceiling, GE Profile appliances, a built-in Bosch refrigerator, oversized island, expansive walk-in pantry, pocket office, and a built-in pellet ice maker. The primary suite is positioned to take in the backyard views and offers a spa-like bath with soaking tub, separate shower, dual vanities, and a custom walk-in closet with built-ins. Additional spaces include a downstairs guest suite, a dedicated office, and an upstairs second living area perfect for games, toys, or TV. The garage has been thoughtfully transformed into a climate-controlled space with epoxy flooring, custom steel doors with windows, and a separate bonus room perfect for exercising or extra storage. A whole-home Generac generator, reverse osmosis system, and extra insulation in attic add an additional level of efficiency and convenience. Direct access to neighborhood trails and greenbelt creates a setting that is difficult to replicate, while still being minutes from Aledo schools and local amenities.
