DESCRIPTION

Bold, distinctive, and anything but ordinary, this property sits on a beautifully treed .42-acre lot in highly sought-after Northwood Hills and offers a level of character and livability that's hard to find. A circular driveway and lush landscaping create a memorable first impression, setting the tone for what's inside. Rich hardwood floors flow throughout the home, leading into a light-filled living room anchored by a striking stone fireplace and custom built-ins. A private front office provides a quiet, functional workspace, while the dining room makes a statement with vaulted ceilings and exposed beams. Designed with both everyday living and entertaining in mind, the kitchen features a massive island, extensive cabinetry, and a wet bar, all seamlessly connected to an additional living area. A dedicated media room, mudroom, and spacious laundry room add to the home's thoughtful layout and flexibility. The primary suite is a true retreat, offering generous space for a sitting area, two walk-in closets, and a beautifully appointed ensuite bath with dual vanities, a soaking tub, and a separate shower. One secondary bedroom enjoys its own private ensuite, while two additional bedrooms share a well-designed Jack-and-Jill bath. At the center of the home, a unique courtyard creates a private indoor-outdoor escape, featuring both covered and open-air spaces with a fire pit, perfect for relaxing or entertaining year-round. The backyard continues to impress with a covered patio and outdoor kitchen, a sparkling pool with water features, a convenient pool bath, and a paved area with a basketball hoop. A spacious side yard offers even more room to play or unwind. With its incredible lot, mature trees, and one-of-a-kind character, this home delivers a rare opportunity in one of Dallas's most desirable and established neighborhoods.
