DESCRIPTION

Multiple offers received. Please submit your offer by 6PM on Sunday 4.19.2026 and confirm receipt with the listing agent. A rare opportunity in University Park within HPISD to own a home that offers this level of space, layout, and value. Properties with this kind of square footage and livability in such a central, walkable location are increasingly hard to find. The home sits under a beautiful canopy of established oak trees, adding to its setting and curb appeal. Built by Cy Barcus, the home offers beautiful hardwoods, great flow, and well-proportioned living and dining spaces, along with a charming front den or study. Thoughtful built-ins throughout provide ample storage. The main living area opens to a brick courtyard—an ideal setting for both everyday living and entertaining. The primary suite is thoughtfully positioned on the first floor, featuring dual vanities, dual walk-in closets, and a separate shower. French doors open directly to the courtyard, creating a quiet, private retreat. Upstairs, there are three spacious bedrooms each with en suite baths and an additional sitting area. Rear-entry detached two-car garage. Set on a desirable block with convenient access to Preston Center, Inwood Village and Snider Plaza, neighborhood schools, fine dining, and shopping.
