DESCRIPTION

Steve Roberts custom on a wooded creek lot in exclusive Starwood. Double iron front doors open to a light-filled custom home with creek views from nearly every room, plus tall ceilings, built-in speakers, plantation shutters, and iron balusters throughout. The family room features a wall of windows, built-in entertainment center and bookshelves, and a gas-log fireplace with wood mantel. The gourmet kitchen offers an eat-in nook, bar seating, stainless steel appliances, double ovens, built-in refrigerator, gas cooktop, beverage refrigerator, and a walk-in pantry with built-ins. Art niches lead to the primary suite, complete with backyard access, tray ceiling detail, and a spa-like bathroom with seamless glass shower, dual vanities, and a walk-in closet with extensive built-ins. Upstairs, the game room includes a built-in desk and cabinetry, making it ideal for a study area, home office, or flex space. Both secondary bedrooms feature walk-in closets. The backyard is the showstopper: a covered stone patio leads to an outdoor living area with fireplace, speakers, dual ceiling fans, and a cedar-lined ceiling, all surrounded by mature trees and the natural beauty of the creek lot beyond. Starwood offers gated and guarded entry, a community clubhouse, fitness facility, swimming pools, tennis courts, playground, and wood-lined walking and biking trails through the creeks and greenbelt areas — all just minutes from The Star, DNT, 121, Stonebriar, shopping, and dining.
