DESCRIPTION

Beautifully updated 3,700+ sq ft home in the heart of Prosper featuring a 3-car garage, flexible layout, and an oversized backyard with added privacy. Freshly painted white brick exterior offers clean, modern curb appeal. Inside, you're welcomed by a versatile front living area—ideal for a home office, sitting room, or play space. The home opens into a light-filled 2-story family room with expansive windows, creating an open and inviting feel. Spacious kitchen with abundant counter space and cabinetry flows seamlessly into the main living area—perfect for everyday living and entertaining. Primary suite is privately located at the back of the home on the first floor. A secondary bedroom with full bath access downstairs provides excellent flexibility for guests, multi-generational living, or workspace needs. Double staircase from both entry and kitchen adds function and a higher-end architectural presence rarely found at this price point. Upstairs features 3 additional bedrooms, multiple bathrooms, and a large game room offering plenty of space to spread out. Oversized backyard provides a true sense of space and separation—hard to find in newer construction where homes are built closer together. Located in an established neighborhood with walking trails and low HOA. Minutes to Preston Rd, Dallas North Tollway, Hwy 380, and Gates of Prosper for shopping and dining. Zoned to highly sought-after Prosper ISD with strong academic programs including AP and dual credit opportunities. NO PID and NO MUD—offering a more predictable cost of ownership. Remodeled within the last 2 years and move-in ready.
