## DESCRIPTION

A grand two-story entry with soaring 19-foot ceilings and a wood mantel fireplace welcomes you into the family room, where extended ceilings and a sliding glass door open to the covered backyard patio. Just off the entry, a private guest suite features a full bath and walk-in closet. Hardwood floors throughout living areas. The dining room connects seamlessly to the kitchen through a butler's pantry. The kitchen boasts a large center island with built-in seating, abundant counter space, double wall oven, 5-burner gas cooktop, and a spacious walk-in pantry. A private home office with French doors adds functionality and style. The primary suite is filled with natural light from a wall of windows, while its spa-inspired bath offers dual vanities, a freestanding tub, glass-enclosed shower, two walk-in closets, and convenient dual access to the utility room. Upstairs, one wing hosts a large game room and connecting media room, while the other side offers secondary bedrooms, each with a bathroom and closet. A four-car split garage completes this exceptional home.
