DESCRIPTION

Stunning custom home with all the amenities in a small private subdivision (21 homes) with no thru traffic. Elegant soft country French style with Juliette balcony and fluted columns. The millwork in this home is extraordinary. The Study-Office-Library features built-ins and a fireplace. A second fireplace greets you as you enter the heart of the home. Abundant natural light floods the great room and beautiful well-appointed kitchen. Split bedrooms downstairs include an in-law with ensuite and the oversized primary with idyllic bath and a generous 3-tiered closet. The family-friendly floor plan continues as you move upstairs to find two bedrooms connected by a Jack-and-Jill bath and adjacent to a common area with built-ins and desk suitable for everything from homework to hobbies. And multiple access points to walk-in attic space. The garages are split between a two-car and single tandem both with direct access to the home. The home is surrounded by lush landscaping and the backyard offers a very private and tranquil setting. Trails West is a newer quiet neighborhood located close to all of life's necessities and a quick connect to Green Oaks for circumventing Arlington or I-20 for points elsewhere. Schools are some of Arlington's finest!
