## DESCRIPTION

Welcome to one of Kennedale's most distinctive properties, tucked inside the highly sought-after Shady Creek Addition. Situated on nearly 2 acres, this one-of-a-kind estate offers space, privacy, and a lifestyle that's hard to find—and even harder to replicate. From the moment you arrive, you feel it... this home has character, charm, and a presence that stands apart from everything else on the market. Inside, the layout is both functional and intentional. The main level features the primary suite, guest bedroom, private study, multiple living and dining areas, all designed for everyday living and effortless entertaining. The open-concept kitchen is equipped with updated appliances, a large island, and breakfast bar—all overlooking the backyard retreat. Upstairs expands the experience with additional bedrooms, along with dedicated media and exercise rooms, giving you flexibility for how you live, work, and unwind. Step outside and this is where the property separates itself completely—resort-style pool and spa, a full sports court, and nearly 2 acres of usable land backing to a peaceful creek. This isn't just a backyard, it's your own private escape. Homes like this don't come around often. The land, the layout, the setting, the personality—it all comes together to create something truly special.
