WYLIE, TX 75098

\$1,325,000

2,464 sqft

4 beds

3 baths

---

## DESCRIPTION

Private Drive. Endless Possibility. Opportunities of this scale—where design, land, and location intersect - are increasingly rare. Set on approximately 5.4 acres northeast of Dallas, Heronwood Hideaway offers a unique blend of privacy, usable land, and architecture in a high-demand growth corridor. Whether as a private residence, equestrian retreat, or long-term investment, this is a compelling North Texas hold. Meticulously designed in 2025, this single-story home features open-concept interiors anchored by a statement fireplace and expansive windows framing pasture, mature trees, a pond with fountain, and a winding creek—creating an atmosphere that feels like your own private arboretum. The kitchen is designed for entertaining with a quartz island, stylish cabinetry and GE Café appliances. The layout includes four bedrooms and three full baths, highlighted by a serene primary retreat with walls of glass, linear fireplace, custom closet, and spa-inspired bath with rain shower. Outdoor amenities elevate with peaceful gardens, porches, and firepit gathering areas designed to enjoy the views and natural surroundings year-round. The land expands. Ideal for equestrian use, livestock, gardens, or exotic animals, the property includes horse stables with two stalls and storage structures. Open pasture, tree canopy, and natural water features create a functional and visually compelling setting—perfect for an urban homestead lifestyle. You may move turn-key as the property is offered fully furnished. The Seller is offering a \$50,000 incentive toward building a garage if the stables are repurposed, allowing flexibility for boats, RVs, car collections, or creative space. Located three miles from Lake Ray Hubbard with access to major thoroughfares, the property balances accessibility with a quiet, retreat-like setting. Whether you choose to live, lease, or leverage as future multi-home plan, the possibilities are endless—schedule a showing to explore the full potential.
