Built in 2025, this striking modern residence blends clean architectural lines with warm, livable design across an open and thoughtfully curated floor plan. Offering 5 bedrooms, 4 bathrooms, a dedicated media room, and a 2 car garage, the home was designed for both elevated entertaining and everyday comfort. Wide plank hardwood floors, soaring ceilings, expansive windows, and dramatic open spaces fill the home with natural light. The chef's kitchen anchors the main living area with a large waterfall island, custom cabinetry, premium appliances, and a beautifully integrated wet bar with wine storage. Oversized sliding glass doors create a seamless connection to the covered outdoor living area and fully equipped outdoor kitchen.
