DESCRIPTION

Nestled on a tree-lined cul-de-sac lot in coveted Estes Park, this beautifully appointed five-bedroom executive estate was thoughtfully designed by a Highland Park architect and finished out with a Nancy Meyer's aesthetic that blends timeless sophistication with inviting warmth. The striking south-facing home captivates with unparalleled stone curb appeal, custom casement windows, and storybook charm. Inside, curated living spaces showcase rich nail-down hardwoods, custom wood French doors, designer lighting, and elevated finishes throughout a thoughtful floor plan designed for both elegant entertaining and everyday comfort. The chef's kitchen is a dream, featuring Thermador built-in appliances, Scotsman Nugget Ice Machine, Vermont soapstone countertops, marble backsplash, RH hardware, designer plumbing fixtures, dual sinks, and a light-filled walk-in pantry. The stunning primary suite offers large picture windows overlooking the private park-like backyard and a magazine-worthy spa bath with pitched ceilings, expansive vanities, stand-alone soaking tub, oversized shower with dual shower heads, and an impressive walk-in closet. A handsome executive office with stone fireplace is adjacent to a private patio with peaceful lake and fountain views. The first floor guest suite is privately tucked away with a full bath. Upstairs features 3 graciously sized bedrooms with 3 full baths, an expansive game room with wet bar, and a 500 sqft walk-in attic ready to become a sixth bedroom, media room, or additional living space. Situated on over half an acre, the grounds offer endless opportunities to expand the already beautiful outdoor living experience. Enjoy all of this, plus the added comforts of casement windows, spray foam insulation and a 7 foot stone privacy wall. Ideally located near parks, trails, and shopping, with easy access to highways, and award-winning Carroll ISD. This dreamy home has everything you've been looking for with room to further customize how you live.
