DESCRIPTION

Beautifully updated home on an oversized lot with a true resort-style backyard, just in time for summer. The entry opens to a private study and flows into a striking living space with 21-foot ceilings, hardwood floors, custom built-ins, and a statement fireplace with a wood mantel. A full wall of windows fills the room with natural light and showcases stunning views of the backyard, where a stone waterfall spills into a sparkling pool. The kitchen is built for gathering, featuring a professional-grade 6-burner gas cooktop and a large granite island with seating, seamlessly connecting to the main living areas. The primary suite offers a peaceful escape with backyard views, built-in shelving, and a spacious, spa-inspired bath complete with a jetted tub, dual walk-in closets, and an expansive vanity. Upstairs, a large game room with wet bar creates the perfect entertaining space, along with an oversized storage closet. A flexible bonus room sits between two secondary bedrooms, one with a private ensuite bath. Outdoors, the oversized lot provides ample space to relax and entertain, with a large pool and spa, multiple seating areas, and plenty of grassy yard for kids and pets.
