DESCRIPTION

Rare 7,000 sqft home on over 5 acres in Woodway, TX. This is where luxury meets outdoor adventure. Tucked behind the mouth of the Bosque River in one of Woodway's most coveted addresses, this extraordinary estate makes you feel like you've arrived and escaped all at once. Giant front doors open into a sunlit living room with soaring ceilings and oversized windows framing sweeping nature views. An elevator anchored like architectural art signals immediately that this home was built without compromise. Set on 5.49 acres, this 7,270 SF masterpiece was built for those who refuse to choose between refined living and wide open adventure. Every room floods with light and those legendary Woodway sunsets. The downstairs primary suite features one of six fully renovated bathrooms, each finished to turn a daily routine into a daily indulgence. Upstairs, three additional bedrooms and bonus spaces offer room to grow. A secondary primary suite on the opposite wing gives guests their own world entirely. A resort style backyard features a sparkling pool and sports court backed by your own private slice of nature. A massive shop sits tucked into the treetops, ready for big projects or every tool and toy the property demands. The den anchors the home with a wet bar and pool table. Nobody leaves early. The office conceals a hidden room behind one of the shelves, adding a sense of wonder that fits the adventure of this property. The chefs kitchen delivers with full sized built in refrigerator and freezer. Ascend by staircase or elevator to a purpose built third floor movie room, plus a screened in porch perfect for a plant room or quiet retreat. The new owner can subdivide and build additional homes, making this a rare investment play in one of Woodway's most desirable pockets. Zoned to Midway ISD. This is a lifestyle, a legacy, and a once in a generation opportunity on the Bosque.
