DESCRIPTION

This picture perfect farmhouse in the heart of Colleyville is built for comfort and entertaining. The property was fully remodeled in 2019 with elegant and designer touches throughout. Large vaulted ceiling in the living room is open to dining, study or 5th bedroom with barn doors, and kitchen. The two story fireplace grounds the main living area, and is one of countless examples of the custom design features that make this home a show stopper. The primary bedroom includes a wood feature ceiling and an inset headboard area with storage. Master bath has his-her vanities, soaker tub, separate shower and large walk-in closet. Utility and mudroom area finish out the main floor. Upstairs has 3 large bedrooms, 2 full bathrooms and a game room or office space which connects to a cozy covered balcony that overlooks the yard and pool. The interior of the home is reason enough to make you book a showing appointment, but the backyard is what's going to make you want to book the moving company. Installed in 2020, this outdoor oasis has it all; large heated pool with cascading spa, ample space for loungers, covered outdoor living area with kitchen. Enjoy grilling as you watch your favorite team play on the screen, and laugh with your friends sitting at the built-in bar or huddled by the fireplace. The whole outdoor environment is executed with seamless perfection, and will always be classically in style. This is truly a move in ready property that checks every box, but beyond that, it's the special type of place that creates lifelong memories for the people living in it. Book your showing today before this gem is gone.
