DESCRIPTION

Welcome to open-water lakefront living with breathtaking Texas sunsets on beautiful Cedar Creek Lake. As you enter the home, you're welcomed by a cozy family room complete with an electric fireplace, creating the perfect space to relax and unwind. The split floor plan leads you into the kitchens and dining area, with easy access down the hall to the guest bedroom and a charming reading room. This flexible space could easily be converted into a third bedroom, home office, or private guest retreat-perfect for adapting to your needs. On the opposite side of the home, the private primary suite offers peaceful lake views, a spacious walk-in closet and an en-suite bath designed for comfort and privacy. Enjoy year-round lake views from the enclosed glass patio-fully climate controlled for comfort in every season, or open the windows to let in the fresh lake breeze and create the perfect indoor-outdoor retreat. A hot tub is tucked beneath the raised platform, offering additional potential for relaxation and entertaining. Its current functionality is unknown, as it has not been filled or operated for several years. From the living area, you can access the split level deck, perfect for entertaining, outdoor dining, or simply watching the sunset over the water. Stroll down to the boathouse beneath magnificent shady trees, where your boat awaits on its private lift. Spend your afternoons fishing from the lower level or enjoying the peaceful waterfront setting. For an even more spectacular birds-eye view, retreat to the upstairs deck, soak up some sun-rays and take in the panoramic sights of the lake. Lake life is truly splendid at Cedar Creek Lake-where every day feels like a getaway.
