## DESCRIPTION

Completed in 2025, this custom-built home offers a thoughtfully designed floor plan paired with elevated, designer finishes throughout—set within the coveted Lake Highlands Elementary attendance area. A proper foyer welcomes you in, flanked by a stunning color-drenched study—perfect for work or quiet retreat. White oak hardwoods lead you into the heart of the home, where a light-filled kitchen, dining, and living space seamlessly come together, anchored by a wall of windows and doors opening to a 350 sqft covered patio and grilling area—ideal for indoor-outdoor living. The first floor is both functional and beautiful, featuring a spacious utility room with exterior access, a charming tucked-away nook in the living area perfect for a play space or pet retreat, and a true mudroom under the stairs with built-in storage and hooks. The primary suite is a showstopper with warm white oak accents, dual vanities, and gorgeous brass fixtures. Upstairs, a centrally located game room anchors the space, with 3 additional bedrooms, 3 full baths, and a versatile bonus room that easily functions as a 5th bedroom, gym, or flex space. Natural light pours in throughout, and the yard offers just the right amount of space for play and entertaining, while the front drive invites a friendly game of basketball. All of this, just moments from the beloved Kaycee Club, White Rock Coffee, Starbucks, and the neighborhood hardware store—making this not just a home, but a lifestyle.
