DESCRIPTION

A Private Mid Century Retreat on 2.3 Acres Discover a rare mid century modern retreat tucked away on 2.3 private acres at the end of a quiet country lane in Keller. Whether you're looking for a unique home full of character or a rare acreage in Keller, this property has endless possibilities . A long, tree lined driveway leads to a home that feels worlds away from the city, yet remains close to shopping, dining, and top rated schools. Mature trees at the front of the property create complete privacy and a peaceful, country atmosphere from the moment you arrive. Inside the Home The remodeled primary suite features custom California closets, a beautiful wood ceiling, and a generous sitting area. All three bathrooms have been updated, including a beautiful master bath with custom cabinetry and dual shower heads. Upstairs, two bedrooms share a full bath, and one includes its own kitchenette—great for guests, or a multigenerational family. A downstairs bedroom with a built in Murphy bed and desk provides flexibility for an office, nursery, or hobby room. The formal dining room easily hosts large gatherings, and the front porch and upper balcony invite slow evenings and sunset views. The Land Outdoor living is where this property truly shines. The acreage is a mix of open space and mature oaks, creating a serene backdrop for everyday living.
