## DESCRIPTION

Positioned on the 36th floor of Fifth and West, this expansive north and west facing residence captures iconic Austin skyline and Hill Country views. With 2,849 square feet of refined living space this residence is one-of-a-kind. Surrounded by glass, the living and dining room fill with natural light – wide-plank hardwoods, curated lighting and custom interior details create a warm yet modern atmosphere throughout. The kitchen is ideal for everyday living and elegant entertaining. A custom wine room serves as a bespoke collector's space and a striking architectural focal point, with walnut custom racking, designer lighting and capacity for approximately 1,200 to 1,500 bottles. A butler's pantry with a floor-to-ceiling window adds both function and sophistication. The primary suite is a private retreat with a spa-inspired oversized bathroom featuring a freestanding soaking tub, a walk-in shower, dual floating vanities, custom built-ins and two large closets. A beautifully appointed sitting area overlooks the city, offering the perfect place to enjoy Austin's sunsets. Two patios grace the residence, one in the primary bedroom and one perched on the north-west corner of the building. Two additional bedrooms with en-suite bathrooms provide comfort and privacy for guests or family. Live at one of Austin's premiere addresses, with immediate access to downtown's finest dining, Lady Bird Lake, and the Hike and Bike Trail, or stay in and enjoy the premiere amenities that Fifth and West has to offer.
