DESCRIPTION

Just one floor below Penthouse level, epic views, and a luxury renovation of the highest measure and you have a downtown condo that is simply unmatched. The spectacular 300 degree panoramic vista showcases Ladybird Lake, the Frost Tower, the Capital, the UT Tower, and the surrounding hills of Austin. The current owners created a highly designed, bespoke residence that is both original and incomparable. Lavish finishes comprise of Venetian plaster, Wenge hardwoods, Lacewood cabinetry, Italian Snaidero custom kitchen cabinetry, soapstone countertops, and translucent Japanese inspired pocket doors & sliders. Luxury continues with Gaggenau appliances and two SubZero wine coolers tucked in a hidden door. Elevated details in the bathrooms include a Japanese soaking tub and a raised shower to capitalize on the views. From first arrival, you are captivated with the feel and the breathtaking views. The residence is awash with natural light thanks to the floor to ceiling glass walls throughout. In the primary, an expansive sitting area has a dual role – it can be split with clever sliding wall panels that allows the space to be divided into two private suites each with entrances, separate full baths and individual closets. The murphy bed is both genius and practical. The versatility of the space allows for an expansive primary suite and a space for guests. In one of the most walkable parts of downtown, enjoy award-winning restaurants, buzzy coffee shops and bars, Republic Square Park w/ weekend farmers markets, and Austin's beloved Hike and Bike Trail all just steps away. "The 360" as locals call it, provides its residents with 24-hour concierge, a stunning rooftop pool and cabanas, a clubroom & meetings spaces, a fitness center and pet park. Behind the gated entry, come two dedicated parking spots, located right next to the elevators, offering convenience and security. This is the pinnacle of downtown luxury living and the ultimate Austin lifestyle.
