DESCRIPTION

This Grove condo, with 3 bedrooms, 3 ensuite bathrooms and 2 half bathrooms, puts you right in the middle of one of the most walkable districts in Austin, perfect for those who want to be steps away from a morning session at Love Cycling or dinner at Carve. This three-story home provides a rare amount of space with three distinct living areas, giving everyone in the house a spot to call their own while keeping the overall feel of the property connected and approachable. The main floor living room acts as the focal point of the home, where 19-foot ceilings allow an incredible amount of natural light to fill the space. Just off the living area, the kitchen features an oversized center island and quartz countertops paired with a herringbone backsplash. It is a highly capable space for hosting, outfitted with 63 Kent Moore cabinetry, a gas cooktop, and double ovens. To make daily life a bit easier, the home includes a central vacuum system that reaches across the different levels. Privacy was clearly a priority in the layout, especially with the primary bedroom located on the first floor. This primary suite includes an ensuite bath with dual vanities, a walk-in shower, and a large walk-in closet. Moving up to the second floor, you will find two additional bedrooms. This level also includes a bonus room that works well as a dedicated media space or a secondary lounge area away from the main floor. The third floor offers a more intimate setup with a small sitting area, an office nook, and a half bath. This top level leads directly out to the rooftop deck, providing an outdoor escape for evening hangouts. With an attached 2-car garage, parking is never an issue even in this central urban setting. Living in The Grove means you are roughly 10 minutes from Downtown Austin and about 20 minutes from the airport, with quick access to Mopac. You are also just a short walk from Verdada and the Grove Market, placing the best of this Austin neighborhood right at your front door.
