DESCRIPTION

Discover your new home with its own private outdoor haven in the heart of East Austin. This 2 bed, 2.5 bath home is tucked away on a quiet, non-thru-street and offers the best of convenient city living combined with natural serenity. The backyard faces a lush greenbelt, and features an approx. 550 square foot, two-level deck, custom shade sail, and a fully equipped 8' cowboy pool with pump. Inside, you'll find a move-in ready, light-drenched space. The main level has an open floor plan with the living room, island dining space and kitchen. The oversized windows (some with custom shades) in the front and the back flood the interior with natural light in both morning and afternoon. The wooden staircase from the kitchen transitions into the primary and secondary bedrooms—both with an ensuite bathroom (the primary with double vanities). The primary bedroom offers peaceful views of the backyard, deck, and greenbelt through its large eastern-facing windows. The home also features a 2-car carport with a dedicated shed for additional storage, new roof and gutter shields (fall 2024), aforementioned backyard renovation with additional deck space, turf and cowboy pool (2022/2023), modern appliances recently purchased (fridge and washer/dryer - 2022), and dishwasher, and an irrigation system. While its precise location is situated on a minimal-trafficked street not many drivers discover, 1177 Pandora is also conveniently located near Airport Boulevard and 12th Street — walkable and bikeable to some of the best the East Side has to offer. It sits a 6-minute drive away from HEB on 7th Street, 10 minutes from the Mueller area, and 9 minutes from the Texas Capitol in downtown Austin. And of course, the property is just minutes from what the East Side is known for — local restaurants, shops and bars. All appliances and the cowboy pool are included in the sale. Additional items in the property can be purchased.
